

✓ 1. What GKE object implements an http(s) load balancer?

- ☒ Ingress
- ☐ Service
- ☐ Pod
- ☐ Deployment

Correct! Ingress objects implement an http(s) load balancer based on upstream services you specify in your configuration file.

✓ 2. Which Cloud Run autoscaling setting should you set if you want to limit cost?

- ☐ CPU Utilization
- ☐ Min instances
- ☒ Max instances
- ☐ Concurrency settings
